The BlackVue DR590W-1CH is the latest entry level single channel dash cam from BlackVue, offering many of the same features that the DR450-1CH had. Its capable of recording at 1080P Full HD at 60 frames per second (FPS) and can take Micro SD cards up to 128GB. It's one of the most simple and discreet dash cams on the market as the compact size and matte black body blend in easily with any car interior. This model is parking-mode ready and capable of pre-buffered parking recording when paired with an appropriate hardwire kit or battery pack. Experience full protection for your vehicle when driving or parked and ease of use thanks to the built-in Wi-Fi and free BlackVue App.

Note: GPS is not included with this camera, but is available by adding an external GPS antenna.
