

FLIR-XW

Price: **\$800.00**

 manufacturer
NAV-TV

 SKU NTV-KIT588

 weight
3.00 Lbs

 market
USA, Rest of World,
Europe

The FLIR-XW (External Warning) module provides an audible tone and an illuminated button (which also mutes the warning tone) when your FLIR PathfindIR II camera detects a person or object to provide an extra level of alertness when using the camera. Audible feedback can be user-silenced either per activation or completely with the included push button.

Please call us for availability information.

To watch a video, please visit https://www.youtube.com/watch?v=QsPzIZ_ZFPI

Video shows the FLIR-XW combined with NAV-TV GM UNI-CAM which allows for auto-switching.
